

INDEPENDENT AUDITOR'S REPORT

TO
THE MEMBERS OF M/S GDN ENTERPRISES PRIVATE LIMITED

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the Standalone financial statements of **M/S GDN ENTERPRISES PRIVATE LIMITED**, ("the Company"), which comprise the Balance Sheet as at 31st March, 2025, the Statement of Profit and Loss, Cash flows and changes in equity for the year then ended and notes to the financial statements including a summary of the material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31st March, 2025, its profit, changes in Equity and its Cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's

Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The boards of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by 'the Companies (Auditor's Report) Order, 2020' ("the order"), issued by the Central Government of India in terms of sub section 11 of Section 143 of the Companies Act, 2013, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.

As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on 31st March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B'
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, we report that section 197 is not applicable on private company. Hence reporting as per section 197(16) is not required.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements. Refer to Note 36 to the Standalone Financial Statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - v. The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- vi. Based on audit procedures which we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- vii. The company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.
- viii. Based on our examination which included test checks, the company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

**ANNEXURE A CONTAINING REPORT ON
MATTERS REQUIRED BY CARO, 2020**

Re: GDN ENTERPRISES PRIVATE LIMITED

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Referred to in paragraph 5 of our report of even date

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, plant and equipment.

(B) The Company does not have any Intangible assets and accordingly, reporting under clause 3(i)(a)(B) of the order is not applicable to the company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its property, plant and equipment by which all Property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain Property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company does not have the immovable property.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its property, plant and equipment (including Right-of-use assets) or Intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Management has conducted physical verification of inventory at reasonable intervals during the year. According, to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the coverage and procedure of such verification by the management is appropriate, having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on physical verification as compared with books of account.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned working capital limits during the year, reporting under clause 3(ii)(b) of the order is not applicable to the company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made investments, provided guarantee, granted loans and advances in the nature of loans, secured or unsecured, to companies during the year.

(iv) According to the information and explanations given to us and on the basis of our examination of the records, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 of the Companies Act, 2013 and the Company has not provided any guarantee or security as

specified under Section 186 of the Companies Act, 2013. Further, the Company has complied with the provisions of Section 186 of the Companies Act, 2013 in relation to loans given and investments made.

(v) According to the information and explanations given to us, the Company has neither accepted any deposits nor the amounts which are deemed to be deposit during the year and further the Company had no unclaimed deposits at the beginning of the year within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Hence reporting under clause 3(v) of the Order are not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013 in respect of Company's products/ services. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for the maintenance of cost records under subsection (1) of Section 148 of the Act in respect of Company's products/services and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained by the Company. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) In our opinion and according to the information and explanations given to us, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, cess and other material statutory dues, as applicable to the Company, have generally been regularly deposited to the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the yearend for a period of more than six months from the date they became payable. The operations of the Company, during the year do not give rise to liabilities of sales tax, service tax, duty of excise and value added tax.

(b) Detail of statutory dues referred to in clause (a) above, which have not been deposited with the appropriate authorities as at 31 March, 2025 on account of disputes are given below: -

Name of the statute	Nature of dues	Amount (In Rs.)	Amount paid under Protest	Period to which the amount relates	Forum where dispute is pending
Central Sales Tax Act, 1956	Sales Tax	43,21,626	-	2017-18	Deputy Commissioner (Appeal)
Central Sales Tax Act, 1956	Sales Tax	4,46,134	44,613	2017-18	Deputy Commissioner (Appeal)
Goods and Services Tax Act, 2017	Goods and Services Tax	3,67,33,018	18,36,651	2017-18	The Commissioner (Appeal)

(viii) According to the information and explanations given to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us, we report that the Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

(c) In our opinion and according to the information and explanations given to us, the term loans availed by the Company were applied for the purposes for which the loans were obtained.

(d) On an overall examination of the financial statements of the Company, we report that funds raised on short term basis have not been used for long-term purposes by the Company.

(e) In our opinion and according to the information and explanations given to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.

(x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year.

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally). Accordingly, provisions of clause 3 (x)(b) of the order are not applicable.

(xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company has been noticed or reported during the period covered by our audit.

(b) No report under sub-section (12) of Section 143 of the Act has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company. Accordingly, the provisions of clause 3(xii)(a)-(c) of the Order are not applicable.

(xiii) In our opinion and according to the information and explanations given to us, all transactions with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable, and the requisite details have been disclosed in the financial statements etc., as required by the applicable Indian accounting standards.

(xiv) (a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports issued to the Company till date, covering the period under audit.

(xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors, hence provisions of Section 192 of the Act are not applicable.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us during the course of audit, the Group does not have any CIC. Accordingly, the requirements of clause 3(xvi)(d) are not applicable.

(xvii) The Company has not incurred cash losses in the current financial year and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Companies Act, 2013 pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE 'B'
REPORT ON INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **GDN ENTERPRISES PRIVATE LIMITED**. ("the Company") as of March 31, 2025 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

Notes to the Financial Statements

1. Corporate Information

GDN Enterprises Private Limited ("the Company") is a private company incorporated on 12th Oct 2010. The company is engaged mainly in the business of manufacturing of electronic goods.

The Standalone financial statements have been approved and adopted by the board in their meeting held on May 19, 2025.

2. Material Accounting Policies

2.1 Basis of Preparation

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules 2015, read with Section 133 of Companies Act 2013.

These financial statements have been prepared on a historical cost basis, except for the following:

- a. Certain financial assets and liabilities that are measured at fair value;
- b. Defined benefit plans – plan assets measured at fair value.

These financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest Lakh (Rs. 00,000) except when otherwise indicated.

2.2 Summary of Material Accounting Policies

2.2.1 Use of Estimates

The preparation of financial statements in conformity with IndAS recognition and measurement principles and, in particular, making the critical accounting judgments require the use of estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Management reviews its estimates on an ongoing basis using currently available information. Changes in facts and circumstances or obtaining new information or more experience may result in revised estimates, and actual results could differ from those estimates.

2.2.2 Classification of Assets and Liabilities as Current or Non-Current

The Company presents current and non-current assets, and current and non-current liabilities, as separate classification in its statement of financial position on the basis of realization of assets.

An asset is classified as current when it is:

- expected to be realized or intended to be sold or consumed in the normal operating cycle,
- held primarily for the purpose of trading,
- expected to be realized within twelve months after the reporting period, or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current when:

- it is expected to be settled in the normal operating cycle,
- it is held primarily for the purpose of trading,
- it is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The company has identified twelve months as its operating cycle.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

2.2.3 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. The Company recognizes revenue when it transfers control over a product to a customer. Revenue is measured based on the consideration specified in a contract with a customer (transaction price) net of variable consideration. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Goods and services Tax (GST) is not received by the Company on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognized.

Sale of goods

The Company derives revenues primarily from sale of mobile handsets, accessories and other electronic items.

Revenue from sale of goods is recognized when all the Material risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, there is no continuing managerial involvement with the goods and the amount of revenue can be measured reliably. The Company retains no effective control of the goods transferred to a degree usually associated with ownership and no Material uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. Revenue is measured at fair value of the consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as sales tax, value added tax, etc.

Interest Income

For all financial assets measured at amortized cost interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset or a shorter period, where appropriate, to the net carrying amount of the financial asset.

Others

Other incomes are recognized on accrual basis.

2.2.4 Property, Plant and Equipment

Property, plant and equipment is recorded at cost less accumulated depreciation and impairment. Cost includes all related costs directly attributable to the acquisition or construction of the asset.

Each part of an item of property, plant and equipment with a cost that is Material in relation to the total cost of the item is depreciated separately. Except for land, property, plant and equipment is depreciated using the written down value method over the useful lives of the related assets as presented in Schedule II of Companies Act, 2013.

Major improvements, which add to productive capacity or extend the life of an asset, are capitalized, while repairs and maintenance are expensed as incurred. Where a property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items. The depreciation expense is recognized in the statement of profit or loss in the expense category consistent with the function of the property, plant and equipment.

Property, plant and equipment under construction is recorded as capital work-in-progress until it is ready for its intended use; thereafter it is transferred to the related class of property, plant and equipment and depreciated over its estimated useful life. Interest incurred during construction is capitalized if the borrowing cost is directly attributable to the construction.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

Gains or losses arising from de-recognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

The residual values and useful lives of property, plant and equipment are reviewed at each reporting date and adjusted if expectations differ from previous estimates. Depreciation methods applied to property, plant and equipment are reviewed at each reporting date and changed if there has been a Material change in the expected pattern of consumption of the future economic benefits embodied in the asset.

The estimated useful lives are as mentioned below:

Types of Assets	Useful Life
Computer	3 Years
Furniture & Fixtures	10 Years
Vehicles	8 Years
Office Equipment	5 Years
Plant & Machinery	15 Years

2.2.5 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is recognized in the statement of profit or loss when it is incurred.

The useful lives of intangible assets are assessed as finite. Intangible assets are amortized over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense is recognized in the statement of profit or loss in the expense category consistent with the function of the intangible assets.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

Amortisation of intangible assets

Amortisation is provided on written down value method over the useful life of assets as assessed by the management and the same is similar to the useful lives as prescribed in Part- C of schedule II to The Companies Act, 2013. Amortisation is charged on pro-rata basis for asset purchased/sold during the year.

2.2.6 Impairment of Assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit (CGU)'s fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecasts which are prepared separately for each of the Company's CGU to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. A long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses are recognized in the statement of profit or loss in those expense categories consistent with the function of the impaired asset.

2.2.7 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i. Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as financial assets at fair value through profit or loss, fair value through OCI or at amortized cost as appropriate. The Company determines the classification of its financial assets at initial recognition.

All financial assets are recognised initially at fair value plus, in the case of assets not at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

The Company has the following financial assets in its statement of financial position

- Investments
- Cash
- Bank Balances
- Trade Receivables
- Loans

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as described below:

Financial assets at FVTPL or FVTOCI

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held-for-trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value through profit and loss are carried in the statement of financial position at fair value with net changes in fair value presented as finance income (positive net changes in fair value) or finance costs (negative net changes in fair value) in the statement of profit or loss. The Company has not designated any financial assets upon initial recognition as at fair value through profit or loss.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Financial assets at amortised cost

This category is the most relevant to the Company. All Trade and Other Receivables, Loans and Advances fall under this category. After initial measurement, such financial assets are subsequently measured at amortised cost

A handwritten signature in black ink, appearing to be 'A. B.' or similar, written over a light blue horizontal line.

A handwritten signature in black ink, appearing to be 'Q. B.' or similar, written over a light blue horizontal line.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

using the effective interest rate (EIR) method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit or loss in finance costs for loans and in cost of sales or other operating expenses for receivables. This category generally applies to trade and other receivables.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement, and either the Company has transferred substantially all the risks and rewards of the asset, or transferred control of the asset.

Impairment of Financial Assets

The objective of the company in recognising the impairment allowance is to recognise lifetime expected credit losses for all financial instruments for which there have been Material increases in credit risk since initial recognition — whether assessed on an individual or collective basis — considering all reasonable and supportable information, including that which is forward-looking.

Credit Losses are the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). Expected Credit Losses are the weighted average of credit losses with the respective risks of a default occurring as the weights.

The Company recognises a loss allowance for expected credit losses on a financial asset that is measured at amortised cost at each reporting date, at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased Materially since initial recognition. When making the assessment, the company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and consider reasonable and supportable information, that is available without undue cost or effort, that is indicative of Material increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial instrument has not increased Materially since initial recognition if it is determined to have low credit risk at the reporting date.

If, at the reporting date, the credit risk on a financial instrument has not increased Materially since initial recognition, the company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. For Trade receivables the company always measure the loss allowance at an amount equal to lifetime expected credit losses.

Evidence of impairment may include indications that the debtors or a group of debtors is experiencing Material financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost, the Company first assesses whether impairment exists individually for financial assets that are individually Material, or collectively for financial assets that are not individually Material. If the Company determines that no objective evidence of impairment exists for an individually assessed financial asset, whether Material or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

The Company measures expected credit losses of a financial instrument in a way that reflects an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes, the time value of

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

money; and the reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in the statement of profit or loss. Interest income continues to be accrued on the gross carrying amount using the effective rate of interest unless the financial instrument is credit-impaired in which case the interest income is recognised on reduced carrying amount. The interest income is recorded as part of finance revenue in the statement of profit or loss.

Loans, together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Company. If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a write-off is later recovered, the recovery is credited to profit or loss.

ii. Financial Liabilities

The Company has the following financial liabilities in its statement of financial position

- Borrowings
- Trade payables
- Other Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as follows:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held-for-trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held-for-trading if they are acquired for the purpose of selling in the near term. Gains or losses on liabilities held-for-trading are recognised in the statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS109 are satisfied. The Company has not designated any financial liabilities as at fair value through profit or loss.

Financial liabilities at amortised cost

This is the category most relevant to the Company. After initial recognition, financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in the statement of profit or loss when the liabilities are derecognised as well as through the effective interest rate method (EIR) amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit or loss.

This category generally applies to notes payable, short-term loans and overdrafts.

iii. Offsetting of financial instruments

A handwritten signature in black ink, appearing to be 'A. S.' or similar, written over a horizontal line.

A handwritten signature in black ink, appearing to be 'Q. S.' or similar, written over a horizontal line.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

Financial assets and financial liabilities are offset with the net amount reported in the consolidated statement of financial position only if there is a current enforceable legal right to offset the recognised amounts and an intent to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

iv. Fair Value of Financial Instruments

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of the financial instruments are not materially different at the reporting date.

2.2.8 Cash and Bank Balances

Cash and Bank Balances in the statement of financial position comprise cash at banks and on hand and fixed deposits with banks, which are subject to an inMaterial risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits with original maturity of less than 3 months, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.2.9 Borrowing Cost

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are charged to the statement of profit and loss for the period for which they are incurred.

2.2.10 Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

2.2.11 Employee Benefits

Employee benefits are all forms of consideration given by the company in exchange for service rendered by employees. Employee benefits include: short-term employee benefits, post-employment benefits and other long-term employee benefits

Short Term Employee Benefits

Short- term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees services up to the end of the reporting period and are measured at the amount expected to be paid when the liabilities are settled.

Retirement benefit in the form of provident fund is a defined contribution plan. The company has no obligation, other than the contribution payable to the provident fund. The company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related services. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability

After deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the prepayment will lead to a reduction in future payment or a cash refund.

A handwritten signature in black ink, appearing to be 'AB' or similar initials.

A handwritten signature in black ink, appearing to be a stylized 'Q' or 'G' followed by a flourish.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

Defined Contribution Plan

Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods.

When an employee has rendered service during the year, the company recognises the contribution payable to a defined contribution plan in exchange for that service as a liability (accrued expense) and as an expense.

Defined Benefit Plan

Defined benefit plans are those plans that provide guaranteed benefits to certain categories of employees, either by way of contractual obligations or through a collective agreement.

The company operates unfunded defined benefit plan. The cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at each fiscal year end. The obligation recognized in the consolidated statements of financial position represents the present value of the defined benefit obligation.

Current service cost, which is the increase of the present value of the defined benefit obligation resulting from the employee service in the current period, is recorded as an expense as part of cost of sales and selling, general and administrative expenses in the statement of profit and loss. The interest cost, which is the change during the period in the defined benefit liability that arises from the passage of time, is recognized as part of financing costs in the statement of profit and loss.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the statement of profit and loss as past service cost.

2.2.12 Foreign Currencies

The Company's financial statements are presented in Indian Rupees (INR), which is also the company's functional currency. Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rate at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency spot rate of exchange ruling at the reporting date. Differences arising on settlement or translation of monetary items are recognized in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary measured at fair value is treated in line with the recognition of gain or loss on change in fair value in the item.

2.2.13 Income Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that enacted or substantively enacted, at the reporting date in the countries where the company operates and generates taxable income.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

Deferred income tax is provided using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount for financial reporting purpose at the reporting date. Deferred tax assets and liabilities are determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the asset is realised or the liability is settled.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are off set where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.2.14 Inventories

Inventories are valued at the lower of cost and net realisable value. Cost of inventories, comprise costs of purchase and other costs incurred in bringing the inventories to their present condition and location. Costs of purchased inventory are determined after deducting rebates and discounts.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.2.15 Segment Reporting

Identification of segments

The Company is operating in single business i.e., manufacturing of electronic goods; and single geographical segment i.e., Domestic.

Allocation of common costs

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker being director of the company. The director assesses the financial performance and position of the company as a whole, and makes strategic decisions.

2.2.16 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

APN

Signature

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

2.2.17 Contingent Liabilities/Assets

Contingent liabilities are disclosed in respect of possible obligation that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or where any obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

The contingent asset is disclosed, where an inflow of economic benefits is probable. And entity shall not recognise a contingent asset unless the recovery is virtually certain.

* Auditor's Remuneration

Particulars	Year ended	Year ended
	March 31, 2025	March 31, 2024
As Auditors:		
Statutory Audit fee	3.00	3.00
Tax Audit fee	2.00	2.00
Limited Review	0.75	0.75
Total	5.75	5.75

26. Earning per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equityholders by the weighted average number of Equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equityholders by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the potential dilutive Equity shares into Equity shares. The following reflects the income and share data used in the basic and diluted EPS computations:

Particulars	Year ended	Year ended
	March 31, 2025	March 31, 2024
Profit attributable to equity holders of the Company:	4,757.80	1,097.67
Number of weighted average equity shares (Nominal value of ₹ 10 each)	34,74,112.50	25,10,000.00
Earnings per share- after exceptional items and tax		
- Basic	136.95	43.73
- Diluted	136.95	43.73

The company do not have any outstanding dilutive potential instruments as on 31 March 2025 and 31 March 2024

28. Leases

The Company's lease asset primarily consist of finance leases for factory having the various lease terms. The lease arrangements provide for cancellation by either party and also contain a clause for renewal of the lease agreement. If any, Payment made towards short term leases of low value assets (lease of assets worth less than Rs. 2 Lacs) other than building and warehouse are recognized in the statement of Profit and Loss as rental expenses over the tenure of such leases.

Following is carrying value of right of use assets and the movements thereof :

Particulars	Lease hold Building INR in Lakhs	Total INR in Lakhs
Balance as at 1st April 2023	-	-
Additions	-	-
Depreciation	-	-
Balance as at 1st April 2024	-	-
Additions	871.80	871.80
Depreciation	80.35	80.35
Balance as at 31st March 2025	791.45	791.45

The following is the carrying value of lease liability and movement thereof :

Particulars	March 31, 2025	March 31, 2024
Balance at the beginning	-	-
Additions	861.18	-
Accretion of interest	63.25	-
Payment of lease liabilities	103.30	-
Balance at the end	821.13	-

Considering the lease term of the leases, the effective interest rate for lease liabilities is 9%

The break-up of current and non-current lease liabilities is as follows

Particulars	March 31, 2025	March 31, 2024
Current lease liabilities	52.18	-
Non-Current lease liabilities	768.95	-
Total	821.13	-

The following are the amounts recognised in the Statement of Profit and Loss:

Particulars	March 31, 2025	March 31, 2024
Depreciation expense of right of use assets	80.35	-
Interest expense on lease liabilities	63.25	-
Total	143.60	-

Notes:

The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

For maturity analysis of lease liability, [(refer note 31(C)] Financial risk management framework and policies under maturities of financial liabilities.

There are no leases having variable lease payments. The Company has not entered into any residual value contracts during the year.

There are no sale and leaseback transactions during the year

Notes to Standalone Financial Statements for the year ended March 31, 2025

(All amounts in ₹ in lakh unless otherwise stated)

30. Significant accounting judgements, estimates and assumptions

The preparation of the company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts if revenues, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities. Uncertainties about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements.

Taxes

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

The Company reviews the carrying amount of deferred tax asset/liability at the end of each reporting period. The policy for the same is explained in **Note No. 2.2.13**.

Useful life of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods. The policy for the same is explained in **Note No. 2.2.4**.

Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past event if it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

Defined Benefit Plans (Gratuity Benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity obligations are given in **Note No. 35(b)**.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Carrying value and approximate fair values of financial instruments are same.

31. Financial risk management objectives and policies**Financial Risk Management Framework**

The Company's senior management oversees the risk management framework and monitoring the Company's risk management. The risk management ensure timely identification and evaluation of risks, setting acceptable risk thresholds, identifying and mapping controls against these risks, monitor the risks and their limits, improve risk awareness and transparency. Risk management systems are reviewed regularly to reflect changes in the market conditions and the Company's activities to provide reliable information to the Management and the Board to evaluate the adequacy of the risk management framework in relation to the risk faced by the Company.

The risk management aims to mitigate the following risks arising from the financial instruments:

- Market risk
- Credit risk
- Liquidity risk

A. Credit risk

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults.

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to **Rs. 24,217.14 lakhs and Rs. 14,146.98 lakhs as of March 31, 2025 and March 31, 2024**, respectively. Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

The following table gives details in respect of percentage of revenues generated from top one customer and top five customers

Particulars	Year ended	Year ended
	March 31, 2025	March 31, 2024
Revenue from top customer (%)	87.44%	80.37%
Revenue from top five customers (%)	95.63%	98.88%

Notes to Standalone Financial Statements for the year ended March 31, 2025

(All amounts in ₹ in lakh unless otherwise stated)

Credit Risk Exposure

The Company has used a practical expedient by computing the expected loss allowance for trade receivables based on historical credit loss experience and adjustments for forward looking information

For Trade receivables ageing refer note 44

The allowance for lifetime expected credit loss on customer balances for the year ended March 31, 2025 was Rs.112.45 Lakhs (Previous year Rs.73.47 Lakhs).

Particulars	Year ended	Year ended
	March 31, 2025	March 31, 2024
Balance at the beginning	73.47	73.47
Expected credit loss recognised	38.98	-
Balance at the end	112.45	73.47

The provision for loss allowances of trade receivables have been made by the management on the evaluation of trade receivables. The management at each reporting period made an assessment on recoverability of balances and on the best estimate basis the provision for loss allowances have been created.

B. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk and interest rate risk. Financial instruments affected by market risk includes loan and borrowings, lease liabilities. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

I- Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

Foreign currency rate sensitivity

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

The foreign currency risks from financial instruments as of March 31, 2025 were as follows :

Particulars	Amount in foreign currency (in Lakhs)	Amount in INR (Lakhs)
Trade Payables		
USD	320.61	27,438.10
JPY	813.37	464.35

The foreign currency risks from financial instruments as of March 31, 2024 were as follows :

Particulars	Amount in foreign currency (in Lakhs)	Amount in INR (Lakhs)
Trade Payables		
USD	400.75	33,412.21
JPY	1,197.00	659.79

II- Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. The borrowings as at March 31, 2024 is Rs. 6,838.96 Lakhs (previous year Rs. 2,417.14 Lakhs) which are interest bearing and interest rates are variable.

C. Liquidity risk

a. Liquidity risk refers to the risk of financial distress or extraordinary high financing costs arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and requiring financing. The Company requires funds both for short term operational needs as well as for long term capital expenditure growth projects. The Company generates sufficient cash flow for operations, which together with the available cash and cash equivalents and short term investments provide liquidity in the short-term and long-term. The Company has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

b. "The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

The tables include principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Notes to Standalone Financial Statements for the year ended March 31, 2025

(All amounts in ₹ in lakh unless otherwise stated)

Maturities of financial liabilities**As at March 31, 2025**

Particulars	Less than 12 Months	More than 12 Months	Total	Carrying Value
Long term borrowings	-	1,249.69	1,249.69	1,249.69
Short term borrowings including current maturities of long term debt	2,236.33	-	2,236.33	2,236.33
Trade payables	40,476.75	-	40,476.75	40,476.75
Lease liability	52.18	768.95	821.13	821.13
Other financial liabilities	75.36	-	75.36	75.36

As at March 31, 2024

Particulars	Less than 12 Months	More than 12 Months	Total	Carrying Value
Long term borrowings	-	4,994.41	4,994.41	4,994.41
Short term borrowings including current maturities of long term debt	5,176.88	-	5,176.88	5,176.88
Trade payables	44,581.77	-	44,581.77	44,581.77
Other financial liabilities	75.36	-	75.36	75.36

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Maturities of financial assets**As at March 31, 2025**

Particulars	Less than 12 Months	More than 12 Months	Total	Carrying Value
Other financial assets	-	110.90	110.90	110.90
Trade receivables	24,217.14	-	24,217.14	24,217.14
Cash and cash equivalents	101.91	-	101.91	101.91
Bank balances other than cash and cash equivalent	109.40	-	109.40	109.40

As at March 31, 2024

Particulars	Less than 12 Months	More than 12 Months	Total	Carrying Value
Other financial assets	-	185.94	185.94	185.94
Trade receivables	14,146.98	-	14,146.98	14,146.98
Cash and cash equivalents	2,404.09	-	2,404.09	2,404.09
Loans	18.87	-	18.87	18.87

Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's aim is to keep the gearing ratio between 20% and 40%. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations.

The Company monitors its capital using gearing ratio, which is net debt divided to total equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents and current investments

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Net Debt		
a. Borrowings*		
– Non current	1,249.69	4,994.41
– Current (including current maturities of long term debt)	2,236.33	5,176.88
b. Cash and cash equivalents	101.91	2,404.09
Net Debt/(Surplus)	3,384.11	7,767.20
Total Equity	10,466.61	(2,797.19)
Net Debt to Equity Ratio	0.32	(2.78)

*Excluding Lease liabilities

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2025 and 31 March 2024.

35. Employee Benefit Obligations**A) Contribution to Defined Contribution Plans**

The Company has defined contribution plans. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the year towards defined contribution plan is as under:

Particulars	Year ended	Year ended
	March 31, 2025	March 31, 2024
Employer's contribution to Provident Fund	1.91	0.15
Employer's contribution to Employee State Insurance	0.01	-
Expense recognised during the year	1.91	0.15

B) Gratuity

Particulars	March 31, 2025		March 31, 2024	
	Current	Non-current	Current	Non-current
Gratuity	-	11.57	-	8.48
Total	-	11.57	-	8.48

A. Disclosure of gratuity

Gratuity is computed as 15 days salary, for every completed year of service or part thereof in excess of 6 months and is payable on retirement/termination/resignation. The Gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement/termination/resignation. The Company makes provision of such gratuity asset/liability in the books of account on the basis of actuarial valuation carried out by an independent actuary.

Reconciliation of opening and closing balances of the present value of the defined benefit obligation

Notes to Standalone Financial Statements for the year ended March 31, 2025

(All amounts in ₹ in lakh unless otherwise stated)

Due to its defined benefit plans, the company is exposed to the following significant risks:

Changes in bond yields - A decrease in bond yields will increase plan liability.

Salary risk - The present value of the defined benefit plans liability is calculated by reference to the future salaries of the plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.**Principal actuarial assumptions used as at the end of the reporting period**

Particulars	March 31, 2025	March 31, 2024
Discount rates	7.00 % per annum	7.25 % per annum
Expected rates of salary increase	5.00 % per annum	5.00 % per annum
Attrition Rate	10.00% p.a.	10.00% p.a.
Retirement age	60 Years	60 Years

Sensitivity analysis of the defined benefit obligation

Particulars	Year ended	Year ended
	March 31, 2025	March 31, 2024
a) Impact of the change in discount rate		
Present value of obligation at the end of the period		
Impact due to increase of 1 %	3.71	0.83
Impact due to decrease of 1 %	4.30	0.96
b) Impact of the change in salary increase		
Present value of obligation at the end of the period		
Impact due to increase of 1 %	4.30	0.96
Impact due to decrease of 1 %	3.70	0.83
C) Impact of the change in withdrawal rate		
Present value of obligation at the end of the period		
Impact due to increase of 1 %	3.88	0.87
Impact due to decrease of 1 %	4.07	0.91

Reconciliation of liability in Balance Sheet

Particulars	Year ended	Year ended
	March 31, 2025	March 31, 2024
Opening gross defined benefit liability/ (asset)	0.89	
Expenses to be recognized in P&L	2.03	0.89
OCI- Actuarial (gain)/ loss-Total current period	1.06	
Closing gross defined benefit liability/ (asset)	3.98	0.89

- The estimates of rate of escalation in salary considered in actuarial valuation are after taking into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment
- Discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for estimated term of the obligations.
- The sensitivity analysis above may not be representative of the actual change in the defined benefit obligation as it is unlikely that change in assumption would occur in isolation of one another as some
- The methods and type of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

GDN Enterprises Private Limited

CIN: U51909DL2010PTC209321

Notes to Standalone Financial Statements for the year ended March 31, 2025

(All amounts in ₹ in lakh unless otherwise stated)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes in to account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

Level I: includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds, ETFs and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level II: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level III: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset are included in level 3. The management assessed that cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

i. Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, individual creditworthiness of the customer and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

ii. The fair values of the quoted notes and bonds are based on price quotations at the reporting date. The fair value of unquoted instruments, loans from banks and other financial liabilities, obligations under finance leases, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. In addition to being sensitive to a reasonably possible change in the forecast cash flows or the discount rate, the fair value of the equity instruments is also sensitive to a reasonably possible change in the growth rates. The valuation requires management to use Unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the tables below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value

iii. The fair values of the remaining fair value through other comprehensive income "FVTOCI" financial assets are derived from quoted market prices in active markets.

38. The Code on Social Security, 2020 (Code) relating to employee benefits.

The Code on Social Security, 2020 ("Code") relating to employee benefits during employment and post employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified and the final rules/ interpretation have not yet been issued. The company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

39. Corporate Social Responsibility

As per section 135 of the Companies Act, 2013, a Company, meeting the applicability threshold, needs to spend at least 2% of average net profit of the immediately preceding three financial year on Corporate Social Responsibility (CSR) activities. The nature of CSR activities identified are eradication of hunger and malnutrition, promoting education, art and culture, healthcare, destitute care and rehabilitation and environment sustainability. The Company has formed a CSR committee as per the Act.

(i) The amount spent by the Company on CSR activities is as below:

40. Production Linked Incentive (PLI) Scheme to promote Telecom And Networking Products Manufacturing in India:

The Ministry of Communications issued a gazette Notification No. CG-DL-E-24022021-225442 on 24 February, 2021 to introduce a Production Linked Incentive Scheme (PLI) to encourage the manufacturing of Telecom & Networking products in India. GDN Enterprises Private Limited ('the Company') applied for the scheme and received approval on 14 Oct, 2021. The scheme is applicable from FY 2021-2022 to FY 2025-2026, and the company is eligible to receive a certain percentage of sales of eligible products as incentives during this period.

In FY 2022-2023, the scheme was revised through an office memorandum dated 20 June, 2022 to introduce a shift of base year was offered to the applicant company, and the company reapplied for the scheme. The approval for the same was granted on 31 October, 2022. The new scheme is applicable for the period FY 2022-2023 to FY 2026-2027.

The Company has met the investment and revenue thresholds for the FY 2024-25 of **Rs. 32.20 crores and Rs. 547.40 crores** respectively and is eligible to claim incentive from government under the aforesaid scheme."
